Ans: \_\_\_\_\_

## REVELATION'S AMAZING SPACE CITY

For centuries sceptics viewed God's people with scorn, as they spoke of traveling through space to God's heaven. Critics scoffed at the idea that mortals might travel beyond our planet. Then suddenly, men began venturing into space. Today, both the USA and the USSR plan for space stations and colonies in the sky. However, to date only a few highly trained persons have been able to make space voyages. Yet how many of us are excited by space travel! We dream of traveling to and living in a fantastic new "storybook" city in the sky, or on another planet. There is a reason for this — a God-given reason.

Jesus, our Creator, has planted deeply within each human heart, a desire to travel and visit the dominions of outer space. It is exciting to discover that He plans for space voyages and space living to be a regular experience for his people when He sets up His new kingdom. Talk about mind boggling! Let's get on with the facts!
